

Pd-Catalyzed Counter-Steric Site- and Chemoselective Glycosylation: Total Synthesis of Fridamycin A and Himalomycin B  
Jihun KangSeungsoo MoonYoung Ho Rhee\*

J. Am. Chem. Soc. 2025, 147, 17, 14432–14441

rearranged angucycline natural products  
extremely labile oligomeric 2,3,6-trideoxyglycosides.

Synthesis of Fridamycin A

Synthesis of Himalomycin B
